## Our 105<sup>th</sup> Year

### *Best in the Long Run*

We do our best to live up to that slogan. If we fail to meet your expectations please let us know.

### **Create a Riotous Rainbow of Spring Color with Bearded Irises**

All you need is a sunny location (at least ½ day of sunshine) and well-drained soil. Irises don't like to sit with wet feet! Plan to space plants 12" to 18" apart.

You'll find several hundred varieties to choose from in this list. The small Miniature Dwarf Bearded are listed first, followed by groups that are increasingly taller in stature and later in bloom season.

We saved the best for last – you'll find the very newest offerings from our Colorado hybridizers at the back of the booklet.

### **Shipping Times and Pick up Options**

If you specify a particular ship date, we will endeavor to comply. Generally, orders received before July 1 are shipped in July and early August, orders received after July 1 are usually shipped in August. In order to insure that all orders are shipped to reach you at the proper planting time, we stop taking orders August 1<sup>st</sup>. However, if time and supply permit, we will accept a few orders after August 1<sup>st</sup>. Please call to check.

If you wish to pick up your order, there is no shipping charge, but you must pay the Boulder City tax of 8.16%. Orders may be picked up by prior arrangement on Thursday and Friday afternoons from noon to 6:00 or Saturday morning from 9:00 AM to noon in July and August.

If you live in the northern latitudes or at a high altitude, please order early so that we can ship your order in July. These short season climates need a head start.

For more information, please check our website,  
[www.longsgardens.com](http://www.longsgardens.com).

## Guarantee

If there is any problem when you receive your shipment, please let us know right away. If any of the plants you purchase fail to grow for one full year we will replace them (although sometimes it will be necessary to substitute a different variety, but as close to the color as possible).

We do guarantee our iris to be true to name.

We do not guarantee the plants will flower the first spring after planting. Some plants will need an extra year to establish.

## Dig it yourself!

During the bloom season in May and June, we do allow you to dig from specially designated fields. We will be open May 1st through June 13<sup>th</sup>, seven days a week. Hours are 9:00 AM to 5:00 PM.

If you are ready to plant this spring, you may dig Tall Bearded iris plants for \$7.40 (\$8.00 with tax). One field is labeled with names, the other is our “anonymous” field. You may also dig labeled Miniature, Standard, and Intermediate Bearded irises (bloom from 8” to 27” in height) for \$5.55 (\$6.00 with tax).

No need to bring any tools. We provide digging forks and bags.

Bloom season is the only time of year you may purchase “Cash & Carry”, otherwise plants are available only by prepaid orders.

## Come Visit

We’d love to have you come enjoy the iris while they’re in bloom. We’ll be open through June 13<sup>th</sup> from 9:00 AM to 5:00 PM. We’d suggest you call first to check on the condition or the bloom. We also try to keep the website updated with the status of the bloom as well as the progress of the Broadway Reconstruction. Please check it often as well, [www.longsgardens.com](http://www.longsgardens.com).

May through early June is the only time we maintain regular office hours. The rest of the year is by appointment only.

Spring showers (and snow) plus a slow warm up have delayed the bloom this year. The Tall Bearded should be putting on a good show the first week of June. Please come and enjoy them if you can!

## Miniature Dwarf Bearded (MDB)

### *Diminutive Harbingers of Spring*

At just 2”– 8” tall, these tiny treasures are the earliest of the bearded iris to bloom. In our fields they usually start blooming in late March or early April. Miniature dwarfs thrive in a climate with a definite cold season and are best enjoyed in a rock garden or elevated planting. You’ll want to make it easy to sniff their dainty blossoms – most are very fragrant!

### **EARLY START COLLECTION**

*A collection of 5 different Miniature Dwarfs*

All labeled.

Just **\$12.50**

***Bigger isn't always better.*** *The tall bearded iris are beautiful and showy, but don't limit your garden to just the "big guys". If you add some of the dwarfs and intermediates you can vary the height and extend the bloom season. Good things do come in small packages!*

### **Standard Dwarf Bearded (SDB)**

#### *Versatile & Vigorous*

These gems of the Spring garden bloom later than Miniature Dwarf and earlier than Intermediate or Tall Bearded. They stand 8"-15" tall. SDBs will form clumps that provide you with wonderful mounds of color and nice cushions of spiky leaves.

*Please see the next page for TROUT'S TREASURES, a collection of Standard Dwarf Bearded irises.*

## TROUT'S TREASURE'S

Our newest cat, Trout, came to us from Uzbekistan. No, she didn't walk all the way, but came thanks to the Peace Corps and our neighbor. Trout, with her wide experience in the world, is content to stay put and help with selecting a wonderful collection of Standard Dwarf Bearded irises. She is short of stature and hardy, like these shorter beauties. She promises to give you a world class value for your money.

*A collection of 5 different SDBs*

All labeled, (Trout's choice)

*Just \$14.00*

## FOXES' FAVORITES

Our resident foxes have decided, after several years with us, that it is time for them to "paws" in their fanciful frolics and select a fun and floriferous collection of Intermediate Bearded irises. These mid size iris are just the right height to be enjoyed by frolicking foxes and flower fancying folk. The foxes have spent many hours in the fields and have a keen eye in choosing just the right irises for you.

*A collection of 5 different IBs*

All labeled. (foxes' choice)

*Just \$15.00*

## Intermediate Bearded (IB)

*Perfect "Tween" Size*

Bridge the gap, both in size and bloom season, between the Dwarfs and the Tall Bearded, with Intermediates that stand 16"-28" tall.

## Tall Bearded (TB)

### *Tried and True – Old and New*

Most of the iris in our main listing are Tall Bearded, with stalks over 28” tall and as high as 40” (there are some Border Bearded (BB) that are 16”-28” tall). Their time of bloom ranges from mid-April in the southern states to late June in the far north and high elevations. Most varieties bloom once a year in the spring, although some will rebloom in the summer and fall in warm climates.

## 2010 INTRODUCTIONS

**AUGUSTANA BELL TOWER** (Lois Olson) TB 36"-42" Standards & style arms light apricot. Falls rosy mauve. Laced & ruffled. Beards deep orange. Augustana Lutheran Church had given us space to grow seedlings, for which we are grateful. This tall & lovely creature towered over all. The blooms suggested bells. Pond Lily X (Conjuration X Feminine Wiles).....\$40.00

**BRUJA'S BREW** (D. Miller) TB 32" The standards are a rosy red fuchsia and, while the style arms are basically the same, the color is carried forth by a soft gold, adding intrigue. The falls are a velvet red black, soft & supple, with light ruffling. Ahhh, but what really sets it off is the bright red beard. Expect 7 buds on well placed stalks. A Witches Potion to some but my Bruja's Brew. Melana Rosa X Local Color.....\$40.00

**BURN** (Magee) TB 37" E Wildfire standards, falls gold edged wildfire, tangerine beards. (Above All/Fuji's Mantle/Mary Randall/Pink Sleigh/Mandolin) X (Colorado Sunshine/Ponderosa).....\$40.00

**KING'S QUEEN** (D. Miller) TB 34" Over the years, I've had some success with the silver whites with light blue beards. King's Queen will end that line, at least I think so. The white standards have subtle hints of light blue. The style arms are the same, but may be ever so slightly darker. The wide white falls are highlighted with the light silver beards. A touch of gold in the hafts adds a compliment to the silver. Expect 7-9 buds on well branched stalks & a great grower that produces beautiful clumps. Queen of Angels X Cuss A'blue Streak.....\$40.00

**NUGGETS IN SNOW** (Magee) TB 38" E Standards white, falls white with light yellow hafts, beards gold, styles light yellow. (Moon Love/Colorado Sunshine/Lone Ranger) X Colorado Bonanza.....\$40.00

**PEANUTBUTTER SKIES** (Jerry Hall) TB 34" ML This iris reminds me of a peanut butter & jelly sandwich. Slightly ruffled, with yellow gold standards, mauve falls & a gold beard. A purple streak blaze highlights this iris. It is a vigorous grower. Sultry Mood X Capricious.....\$40.00

**PULSE OF MORNING** (Lois Olson) TB 36" Standards pale peach, falls light lavender. Beige area around orange-red beards. Ruffled. The name, "Pulse of Morning", came from a poem by Maya Angelou. Some morning may your pulse be quickened by its lovely, soft colors blooming in your garden. Conjuration X Feminine Wiles.....\$40.00

**VICKERMAN VALLEY** (Jerry Hall) TB 32" L Ruffled & laced white self. The red to gold veining in the hafts sets off the red to orange to yellow beards. A nice iris, white as snow. Pink Gala X Lacy Snowflake.....\$40.00
